

**BRITISH MODEL FLYING ASSOCIATION
EAST ANGLIA AREA
ANNUAL GENERAL MEETING 2020
ACHIEVEMENT SCHEME COORDINATOR'S REPORT**

Two workshops were planned for the year 2020 and unfortunately both were cancelled due to Covid 19 regulations. The good news is that all being well we should have two for next year and the planning is already underway. For next year as was my intentions for this year one Ace will run a workshop and will have my help if required, and the other Joe Kemp a Club examiner for Eric's Odd Bods will run one at his local club with my assistance from me as needed. Joe who is 23 years old and gained his Club Examiners test this year has already been pencilled in as a future ACE and has already offered to help out at committee level. More news of Joe in the future

The area has reappointed Steve White as an ACE after several years away and look after the South East area of East Anglia. Also, John Land is in the pipeline as an area Examiner for the north West.

I would like to personally thank everyone one of the ACE's in the area for all the work you do in looking after and helping all the BMFA members within the area. Reports coming into myself are that there has been a positive shift in members wanting to and requiring help with the achievement scheme tests. At national level the workshops at Buckminster have proved to be very successful and I have been up their several times throughout the year.
